

President's Report

Hello SCTA Members,

Another year has come and gone and I am honored to continue on as the SCTA President. I hope the past year has treated you all well, despite the obvious challenges we are all still facing as front line health care workers.

I would like to thank all of you who took the time to attend today's Education Sessions and AGM. It is so wonderful to be able to have this day in person. I hope that you were able to learn something new from our speakers, and will apply this new knowledge to your everyday practice.

As always, I would like to encourage all of you to continue to be passionate about your profession. Try your best to not get too wrapped up in the politics of the healthcare system, but rather focus on providing top quality care for our vulnerable patients. Making their experience as positive as possible is the most important thing.

At this time I would like to make some acknowledgments to a few of our SCTA Members.

Firstly, I would like to congratulate our new technologists who passed their CSCT Exam in September 2021 and have now been able to work as Registered Cardiology Technologists for a few months. I would also like to congratulate the students who have just recently written their CSCT exam at the end of April and are anxiously awaiting their exam results. I wish you all the best in your future career in Cardiology Technology. From experience, it is an amazing career with many avenues to explore and grow.

Additionally I would like to acknowledge a few members of ours who will be retiring soon. Congratulations Robin Dobko of Yorkton, SK and Patty Budnick of Saskatoon, SK on over 30 years of service. We wish you both the best and hope you enjoy your retirement and are able to spend more time doing the things you love with the ones you love. Thank you for

showing your passion for our profession and being role models for the rest of us who still have a while before we can even start to think about retirement.

Lastly, I would like to acknowledge and send our condolences to a member that we lost suddenly last spring. Terrance Backlund from North Battleford, SK was a well known name to the SCTA and we were very fortunate to have had him represent our profession for many years in his community.

I continue to wish all of you the best in the next year to come. Please continue to stay safe and healthy, as well as to positively promote our wonderful profession. Have a wonderful spring and summer season.

Sincerely,

Oksana Czaikowski, RCT

SCTA President

Provincial Director's Report

Hello Members,

I am very excited to be delivering this report in person, although it is pretty short and sweet this year. Thank you to all of those who chose to attend as we are so pleased to see all of your faces again.

- ❖ The CSCT 2021 AGM was held virtually on Oct. 16, 2021. The 8 provincial directors were voted in for a 2 year term, as well as Crystal Shendaruk being voted in for director at large, who was then appointed as our CSCT President for a two year term. It was also announced that the CSCT bylaws would undergo a review and update, hence the hold on our bylaws here in Saskatchewan.
- ❖ The CSCT 2022 AGM will be held in person in conjunction with CCC. This is scheduled to take place on Saturday October 29, 2022 in Ottawa, ON.
- ❖ The CSCT Education Day will also be returning to an in person event during CCC on Friday Oct 28, 2022. We are very excited about returning to CCC. Please take note that although CCC is offering an on demand service this year as a “hybrid” congress, our education day will not be part of this programming.

Thank you

April Forrest, RCT

CSCT SK Provincial Director

CEU Director's Report

Hello SCTA Members,

There is not much new to report for CEUs, thanks to everyone who continues to submit as they accrue them. A gentle reminder that the triennium comes to a close on December 31, 2022 and those who do not have the required 30 CEUs will be marked as Not in Good Standing.

CEU standards can be found on the website and directions on how to submit online are available there as well. Please be advised that it takes me about a month's turn around time to go through submissions. A reminder that if you do not send me an email notifying that you have submitted your CEUs, I do not know that you submitted.

Thanks to the adjustments to online learning there are many webinars available. We will do our best to post them on the Facebook Page as we are made aware of them. Please ensure that CEUs submitted relate directly to Cardiology Technology and provide educational and relative content to our profession. Remember that if you are tuning into the AGM online you will not receive any CEUs.

Lauren Baldwin RCT
SCTA CEU Coordinator

Financial Report

SCTA TREASURER REPORT - MAY 14, 2022

The SCTA bank account balance as of May 1,2022 is **\$66,953.97**.

Per capita fees for the 2022 SCTA Membership totalling **\$6,645.00** were forwarded to the CSCT.

The SCTA financial statements for the fiscal year ending Dec 31,2021 will be submitted to the Saskatchewan Corporate Registry no later then May 31/2022.

The SCTA financial records for 2021 were reviewed and found to be in order by two SCTA members in good standing.

The financial records are to be reviewed yearly after the fiscal year end.

Respectfully Submitted,
Patty Budnick RCT
SCTA Treasurer

Northern Education Fund Report

Northern Education Fund Balance as of Dec 31, 2021

This was another uneventful year for the Northern Education Fund.

With the exception of assisting one SCTA member with cardiac device education, all of the transactions that occurred during 2021 came from ECG instruction and equipment purchased for the McKay Medical office Assistants.

The 2021 year-end balance is \$5748.37. This is an increase of \$901.62 from the 2020 year-end balance.

- Tracy Boyko

Summary of Transactions	
<u>2020</u> year-end balance	<i>\$ 4846.75</i>
	Deposits + 3810.12
	Withdrawals - 2908.50
<u>2021</u> year-end balance	<i>\$ 5748.37</i>
Change of:	<u><i>+ \$901.62</i></u>

Southern Education Fund Report

Starting balance 2021 - **\$3674.10**

Deposits in 2021 - **\$0**

Withdrawals in 2021 - **\$23.40 (Monthly Account Fees)**

Finishing balance 2021 - **\$3650.70**

Kristin Mitchell

Treasurer, Southern Sask Education Fund

Education Director Report

Hello all members!

It's been a challenging time for all of us, including many of the students who have been working hard in (and out) of their clinicals over the past year! I'd also like to recognize all the hard work that fellow cardio techs and educators have put into being an integral part of their learning experience.

We currently have 10 student members in Saskatchewan, and recently 8 students challenged the April 2022 CSCT exam (conducted virtually).

We're wishing them the best as they await results!

Respectfully submitted,

Evan Chen, RCT

Saskatchewan Provincial Education Coordinator

Iola Whitney Award

It has been a few years since we have handed out the Iola Whitney Award and we as board members would like to re-instill this lost tradition. Moving forward this award will be handed out at each AGM for the previous year.

The Iola Whitney Award is given to a Saskatchewan Member who received the highest mark on the CSCT registration exam (must be >80%). Iola Whitney was a Swift Current tech who was very active in the SCTA. She passed away in 1976 and her family donated funds to the SCTA to start the Iola Whitney Award. This year's winner is Bailey Hoiness.
